# PROPOSAL

## Centre of Excellence at Innovation & Placement

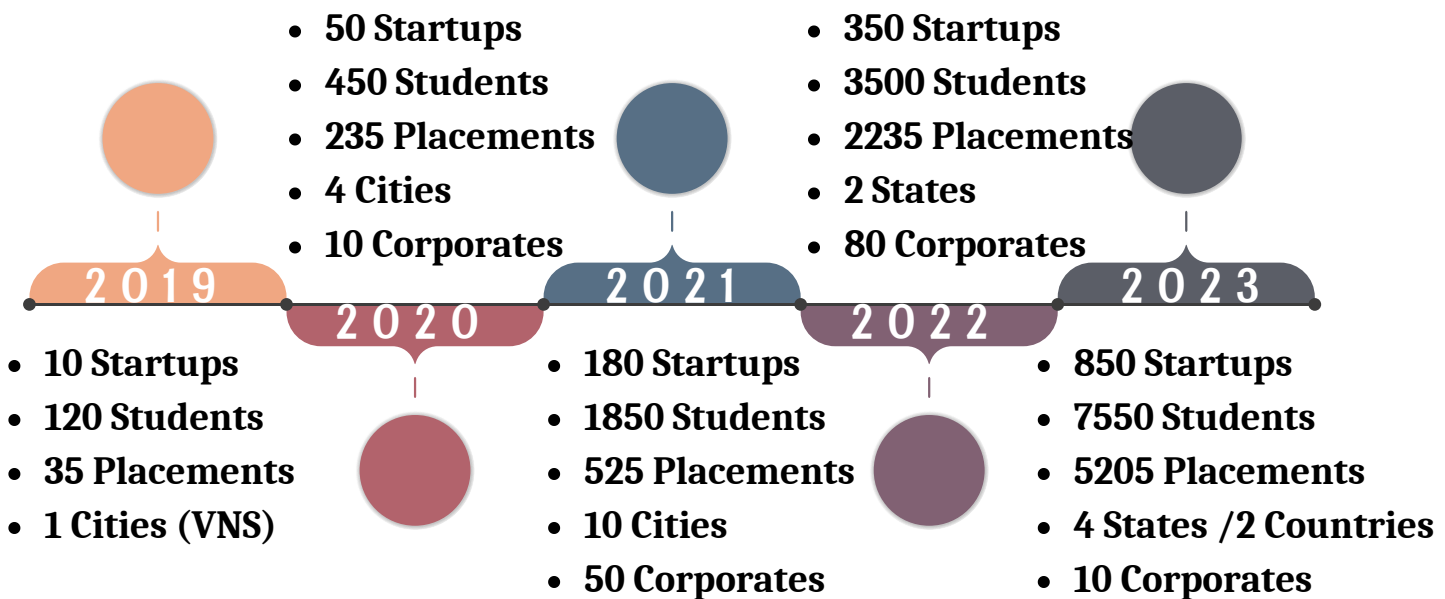

Our Students & entrepreneurs are the rising sun of the country. Our goal is for all Students & entrepreneurs to have potential in them and to have equal opportunities for turning their dreams into reality. They should believe that  
“The inspiration to dream and to achieve is unlimited.”

PRESENTED BY  
Entrepreneurial Development Council

## Entrepreneurial Development Council (EDC INDIA)

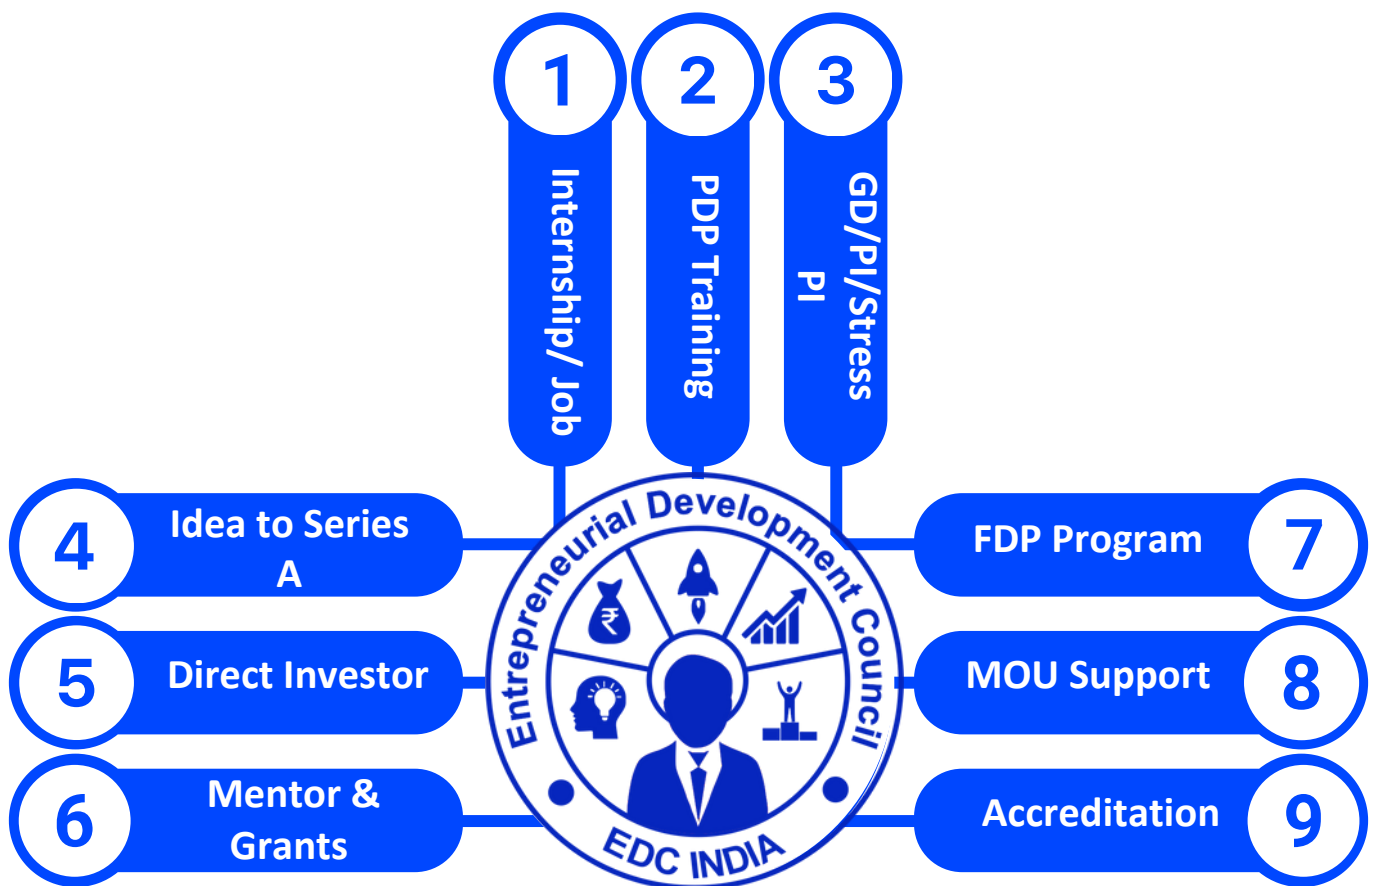

Welcome to the world of possibilities with the EDC Membership - your passport to an internationally recognized membership that opens doors to a myriad of benefits. Whether you're a student or an aspiring entrepreneur, the EDC card is your key to unlocking exclusive privileges, verifying your student status, and connecting with a global community of like-minded individuals.

In a world that values connection, collaboration, and growth, the EDC Membership is your companion for success. Whether you're navigating the challenges of academia or carving your path in the entrepreneurial landscape, seize the opportunities that come with being an EDC member and become part of a dynamic global community. Your journey to success starts here.

## Why EDC CoEIP

The Centre of Excellence at Innovation & Placement (CoEIP) at the Entrepreneurial Development Council is an invaluable resource for college campuses, serving as a one-stop solution for students' every need throughout their academic journey. From college placement and interview practice to startup formation, mentorship, and funding, CoEIP is designed to support students in all aspects of their college life and beyond. With a dedicated team and a wealth of resources, CoEIP is committed to helping students achieve their career and entrepreneurial goals, ensuring they have the guidance and tools they need for a successful future. Whether you're seeking career advice or looking to start a business, CoEIP is here to support you every step of the way.

## CoEIP Students Benifites

The benefits of a Centre of Excellence at Innovation & Placement (CoEIP) seem extensive and cater to various aspects of professional growth and development:

1. **Internship and Job Support:** Assistance in securing internships and job placements, which is crucial for gaining practical experience and launching one's career.
2. **Group Discussion / Personality Development Program / Personal Interview Preparation:** Programs designed to enhance communication skills, develop personality traits, and prepare individuals for interviews, essential for success in professional settings.
3. **Entrepreneurship Journey Support:** Guidance and resources for individuals interested in starting their own businesses, including mentorship, networking opportunities, and possibly even access to funding.
4. **Mentorship:** Access to experienced mentors who can provide valuable advice, guidance, and support based on their own professional experiences.
5. **Connect with 750+ Investors:** Access to a vast network of investors can be invaluable for entrepreneurs seeking funding for their ventures or individuals looking to connect with potential backers for innovative projects.
6. **Ideation to Series A Support:** Support throughout the entire journey of developing an idea into a viable business, potentially up to the Series A funding stage.
7. **Failed Startups Restart Their Career with CoEIP:** Assistance for individuals whose entrepreneurial endeavors may not have succeeded, offering them the opportunity to restart their careers with support and resources from CoEIP.
8. **Industrial Tour:** Opportunities to visit various industries, gain insights into their operations, and potentially establish connections with professionals in those sectors.
9. **Hackathon, Workshop, Event:** Participation in hackathons, workshops, and events focused on innovation, skill development, and networking, providing valuable learning and networking opportunities.
10. **Many More:** Additional benefits not explicitly listed, which could include access to resources such as co-working spaces, industry-specific training programs, or partnerships with companies for special projects or collaborations.

Overall, CoEIP appears to offer a comprehensive suite of services aimed at fostering professional growth, entrepreneurial endeavors, and networking opportunities for individuals at various stages of their careers.

## CoEIP Institution Benifites

Certainly! Here are some potential benefits that an institution with a Centre of Excellence at Innovation & Placement (CoEIP) could offer:

- 1.Enhanced Reputation:** Establishing a CoEIP can enhance the institution's reputation as a hub for innovation and career placement, attracting talented students and faculty as well as potential industry partners.
- 2.Increased Student Enrollment:** Offering comprehensive support for innovation and placement can make the institution more attractive to prospective students who are seeking practical, career-focused education and support.
- 3.Industry Collaboration:** CoEIP can facilitate collaboration between the institution and various industries, leading to research partnerships, internship opportunities, and potential funding for innovative projects.
- 4.Alumni Engagement:** Alumni who have benefited from the CoEIP services may feel more connected to the institution and be more likely to contribute back through mentorship, donations, or participation in career-related activities.
- 5.Employer Partnerships:** Building relationships with employers can lead to increased job placement opportunities for students and graduates, as well as potential input from industry professionals on curriculum development to ensure relevance to current industry needs.
- 6.Entrepreneurship Ecosystem:** By supporting entrepreneurship initiatives, CoEIP can foster an ecosystem of innovation within the institution, encouraging students and faculty to pursue entrepreneurial ventures and contribute to economic growth.
- 7.Research and Development:** CoEIP can stimulate research and development activities within the institution by providing support for innovative projects, access to funding, and opportunities for collaboration with industry partners.
- 8.Global Recognition:** A well-established CoEIP can elevate the institution's profile on a global scale, attracting international students, faculty, and industry partnerships, thereby enriching the academic and cultural diversity of the institution.
- 9.Continuous Improvement:** Regular evaluation and enhancement of CoEIP services can lead to continuous improvement in the quality of education, career support, and innovation initiatives offered by the institution, ensuring relevance and effectiveness over time.
- 10.Community Impact:** CoEIP can have a positive impact on the local community by fostering entrepreneurship, creating job opportunities, and contributing to economic development through innovation and placement support.

These benefits collectively contribute to the overall growth, success, and impact of the institution with a Centre of Excellence at Innovation & Placement.

VC form	VC Firm	Marwari Catalysts, Indian angel network, VC form, Ay venture, Bharat fund, Many more

## Requirements & Responsibilities

The current market scenario has changed, and now collaboration is the key to sustainability. We have designed this proposal to benefit both the organization and win-win situation for both.

To make this collaboration successful we have to clearly define our roles and responsibility.

### Our Requirements

- A premise of a minimum 750 sq. ft with complete civil works, electricity, power backup, light & fans for lab & incubation centre establishment. (Or Placement cell / Incubation Centre)
- A functional classroom with a minimum capacity of 50 students for the theoretical classes
- Accommodation & food for invited guests in placement drives
- Cooperation for workshops

### Our Responsibilities

- After completion of the collaboration tenure, the complete CoEIP functional lab ownership will be handed over to the Institute
- CoEIP Lab wear & tear and maintenance is our responsibility
- We will conduct one physical class every day for CoEIP and on alternate days virtual or physical classes for the PDP program
- We ensure that every registered student should get a minimum of three internships and seven job interview opportunity.
- On an annual basis, we will try for at least 50+ companies should participate in the placement drive.
- As an EDC INDIA partner, we will place the Institution logo & name in the company website and all events hosted by us all over India.
- We will update the Institution about ongoing and future national & International competitions for students. We will also help the students to prepare for these competitions.
- We will conduct a core technical and other workshop on a monthly basis
- On a quarterly basis, we will invite an Industry expert for the guest lecture and workshop.
- We also assist the Institute with the possible Student Exchange Program
- We will assist the Institution by sharing our expertise for their future growth.
- This initiative will help our partner institutes to adopt the New Education Policy and also help them to improve their national & international ranking
- We will help the institute to increase its Patent profile

## Pricing

As mentioned before, EDC INDIA is a Non-Profit Organization so making money is not our prime objective but there is always an operational cost for any activity.

EDC one-year Membership fee INR449/- Only\*

Note - All prices are excluding GST

An institution can apply for a scholarship
